Subject: S. J. Res. 96, 83d Congress

This report is being field with the Senate Foreign Relations Committee by Defense strictly on a clean-up basis as the bill has, of course, passed the Senate. However, since there probably will be developments on it in the House in the next Session it might be helpful to us in anticipating these developments to have any comments you may wish to make either on the bill itself or on the attached transmittal letter and proposed report from Defense.
